

Opening January 2019

HSN CARE
HIGH SUPPORT NEEDS

An Enabled Living Service for adults with Complex Needs
The Hamptons, Eagle Way, Hampton, Peterborough. PE7 8EL.

Welcome to HSN Care

The inspiration for HSN CARE came from my own son and gave rise to our Enabled Living Service, which was created to promote Choice and Control and enhance the Life Experience of adults with profound disabilities and complex needs.

At the heart of our philosophy is the belief that our properties are considered by their residents to be their home and not 'A Home', this is the reason why HSN buildings are designed to integrate seamlessly with the local community with no internal or external signage anywhere to be seen.

From this environment we encourage our residents to access every part of their local community, play as vital and active a role as possible in the world around them, enhancing their life experience and helping us to enable them to achieve their full potential.

Our concept of care is designed to evolve and to incorporate new technology and scientific breakthroughs ensuring we continue to offer the best care and support possible both now and in the future.

I hope this helps you to understand HSN Care, its background and the support and encouragement that our Enabled Living Service provides.
